

## FAULCONER ENERGY

### **Oil & Gas Acquisition Manager**

#### **Position Profile:**

Falconer Energy, LLC, a growing Independent Texas Oil & Gas Company, has an opportunity for an Oil & Gas Acquisition Manager in our Tyler, Texas office. The successful candidate will perform a vital role in Falconer Energy's continued growth and will be responsible for development and evaluation of Oil & Gas acquisition prospects that supports the company's expansion strategy. The position reports directly to the Vice President Acquisitions & Business Development.

The Acquisition Manager position is located in beautiful Tyler, Texas in the Piney Woods. This location is very desirable due to the high quality of life, minimal commuting time to work and abundant recreational activities in the area. If you are contemplating a life style change from the congested city, Tyler provides a great family-friendly alternative.

#### **Duties and Responsibilities:**

- Responsible for identifying, evaluating and developing prospective acquisition of O&G properties, through networking, research, etc.
- Point person for broad generation of potential acquisition properties in strategic operating areas for Company.
- Provides support for screening and review of acquisition submittals and invitations to bid.
- Conducts economic assessment of upside and downside scenarios for review of potential acquisition and investment prospects.
- Responsible for supporting the origination, field consideration and valuation of potential acquisition prospects.
- Coordinates related onsite inspection and evaluation of acquisition prospects.
- Makes recommendations on acquisition prospects and prospective bid process.
- Assists in negotiation process as needed.
- Works with Vice President Acquisitions & Business Development to develop and present acquisition prospect proposals to Senior Management for review and approval.

**Required Qualifications:**

- Bachelor's degree in business or engineering with previous O&G industry experience required.
- Minimum of 5 years of O&G industry experience in Land or Business Development strongly preferred.
- Aries software experience desired.
- Exceptional verbal and written communication skills.
- Highly motivated, organized and detail oriented, with the ability to multi-task and work with challenging issues, while establishing and meeting deadlines.
- Advanced computer skills to include demonstrated proficiency with Microsoft Office applications.
- Experience in analyzing production logs and performing trend analysis.
- Self-starter with ability to work with minimum supervision.
- Ability to travel.
- US Citizen or already have the right to work in the United States for any employer without sponsorship.

Attractive compensation and benefits package for qualified candidates.
